The background of the poster is a photograph of the Siena Cathedral (Duomo di Siena) and the Piazza del Campo. The cathedral's tall, brick Campanile (bell tower) is the central focus, rising from a large brick building with many windows. The foreground shows the reddish-brown cobblestones of the Piazza del Campo. The sky is blue with scattered white clouds. A dark blue diagonal shape cuts across the right side of the image, serving as a background for the text.

GENERAL INFORMATION OF THE XLIII SICO NATIONAL CONGRESS

LOCATION

Università di Siena - Presidio Mattioli
Via P.A. Mattioli 10 - 53100 Siena

HOW TO REACH THE CONFERENCE VENUE

The conference will take place in Presidio Mattioli (via Pier Andrea Mattioli, 10, Siena), close to Porta Tufi, and it can be reached walking from the city center in about 20 minutes walk. The following bus lines have routes that pass near Via Pier Andrea Mattioli: S3, S54, 590, 616, 640, 645. The nearest bus stations are named “Mattioli” (2 min. walk) and “Porta Tufi” (3 min. walk).

MATTIOLI COMPLEX

The conference venue is located in the south-western part of Siena old city, inside the city walls, close to Porta Tufi. Nowadays, the Mattioli Complex, designed by the Florentine Studio Natalini Architetti, is part of an age-old environment striking balance between conservation and innovation. It was inaugurated in 2001 and hosts the Departments of Law and the Department of Political and International Sciences of the University of Siena. The University of Siena, founded in 1240, is one of the oldest universities in Italy, with a great knowledge-related tradition, as well as a strong commitment to both research and innovation. It has today 15 departments, all integrated into the urban fabric.

The Mattioli Complex includes a big auditorium for plenary talks and a number of other big rooms for parallel sessions, indoor spaces for poster sessions and outdoor spaces for catering (weather permitting). High speed internet access is available in all the meeting rooms and common areas.

HOW TO REACH SIENA

Siena is located in the heart of Tuscany amid a wide hilly landscape. Built on three steep hills and encircled by ancient walls, the medieval city of Siena welcomes its visitors with a Latin motto at the Porta Camollia entrance to the centre “Cor Magis Tibi Saena Pandit” (Siena opens its heart to you wider than this gate). You will find below some information on how to reach Siena using various kind of transport.

BY PLANE

Airport “Amerigo Vespucci” (FLR) - Firenze (68 km) – tramway T2 connects Florence airport to the central train station Santa Maria Novella. Buses for Siena leave from “autostazione”, located in Via Santa Caterina da Siena (right in front of the train station). Airport “Galileo Galilei” (PSA) - Pisa (150 km) - From Pisa airport you can catch the PisaMover shuttle bus to the main Pisa train station. It leaves every 10 minutes from the airport and the trip takes 8 minutes. Airport “Leonardo da Vinci” (Fiumicino, FCO) - Roma (250 km) - Both buses and trains to Siena leave from Roma Tiburtina. To travel from Rome’s airport to Roma Tiburtina, you will also have to take a train – the platform is inside the airport.

BY TRAIN

Siena is connected to Chiusi railway station (for Rome) and Empoli (for Florence and Pisa). See the Italian Railways website for rates, routes and timetables. The railway station is about 2 km from the town centre and it can easily be reached by bus in a few minutes.

TRENITALIA: www.trenitalia.it

BY BUS

There are bus connections with several northern and southern cities; the most frequent are for Florence, Rome and Bologna.

LOCAL TRANSPORT

The town centre is largely pedestrianized. The bus company provides public minibus service, called “pollicino”, in the centre. Several parking areas are located by the town gates.

For further information about Siena, please visit

<https://www.terredisiena.it/>

and <https://www.lonelyplanet.com/italy/tuscany/siena>

ACCOMODATION

A large variety of hotels is available in the town centre, offering a characteristic atmosphere and unique charm at walking distance from the conference venue.

For more information contact the Organizing Secretariat +39 070651242 e.mail: antonellamurru@kassiopeagroup.com)

SICO SECRETARIAT AND ORGANIZING SECRETARIAT

Two distinct secretariats will be at the disposal of the conference participants. The Organizing Secretariat will assist participants at Presidio Mattioli starting from 12.00 pm of September 25, 2022 and during the following days until the end of the conference.

SICO Secretariat is at disposal to answer any inquiries, to check and settle membership fees and also to accept new memberships.

REGISTRATION

Please note that the pre-registration to the congress is mandatory.

The Congress is free of charges for SICO's Platinum and Gold members that have already paid this year's membership. Membership fees are inclusive of 22% VAT.

SICO MEMBERS (PLATINUM E GOLD) UP TO DATE WITH THE PAYMENT OF THE 2022 MEMBERSHIP FEE	FREE OF CHARGE
NON SICO MEMBERS	€ 350,00
SICO MEMBERS (SILVER) UP TO DATE WITH THE PAYMENT OF THE 2022 MEMBERSHIP FEE	€ 175,00
SPECIALIZING MEDICINE DOCTOR First SICO registration Full congress 25/26/27 September Specializing medicine doctors whose work will be selected for submission at the plenary session are required to become members.	€ 25,00
MEDICINE STUDENT (LIGHT LUNCH EXCLUDED)	FREE OF CHARGE
MEDICINE STUDENT (LIGHT LUNCH INCLUDED)	€ 25,00

Registration is mandatory and will entitle to:

- attend the scientific sessions of September 25-27;
- receive a conference set and light lunch on September 26;
- participate to scheduled open coffees;
- receive an attendance certificate.

CANCELLATION POLICY

Registration fee may only be reimbursed if cancellation is notified by email to the Organizing Secretariat not later than AUGUST 30th, 2022

SICO GENERAL ASSEMBLY

SICO General Assembly will be held on Monday September 26 at 6.30 pm at Presidio Mattioli

PRESENTERS

At least two of the Presenters of the selected communications (either oral presentations or posters) have to be members of the Italian Society of Oncological Surgery and up to date with the payment of the 2022 membership fee.

OFFICIAL LANGUAGES USED THROUGHOUT THE CONGRESS WILL BE ITALIAN AND ENGLISH. PRESENTATIONS MUST BE IN ITALIAN BUT SLIDES MUST BE IN ENGLISH.

SCIENTIFIC INFORMATION

The Congress will include parallel sessions.

SHOWINGS

Only the showing of Personal Computer images is accepted: traditional slide projectors will not be installed and the use of personal PCs is not allowed. The rooms are equipped with a video-projector connected to a Personal Computer for the presentation of the works. The relevant files shall be prepared on Power Point 2000 and delivered at least 2 hours before the beginning of the session on a pen drive to the computer centre. The computer centre will be network connected to the conference rooms: all the screenings will be automatically forwarded to the right room.

GUIDELINES FOR CHAIRMEN AND SPEAKERS

Chairmen shall:

- be in the room at least 10 minutes before the beginning of the session; make sure that the session and the presentations remain
- within the allotted times;

Speakers shall:

- identify the room where the session is held in due time;
- hand in their presentation, if possible, at least 2 hours before the beginning of the session to the computer centre;
- be in the room at least 10 minutes before the beginning of the session.

CME CREDITS

The event of 26/27 September will receive single accreditation from the Ministry of Health for the following professions:

Medicine Doctors-Surgeons, specialties: pathological anatomy; anaesthesia and rescue; general surgery; plastic and reconstructive surgery; dermatology and venereology; endocrinology; gastroenterology; obstetrics and gynaecology; internal medicine; nuclear medicine; oncology; otolaryngology; radiotherapy; radio-diagnostics.

An attendance sheet will have to be signed when entering and leaving the room. Each day has been credited separately therefore, for each day. Credits will be certified only if the time of presence is actually that provided for by the current CME legislation, if the test for the verification of learning will be passed and if the evaluation form will be filled out event. The verification test can be filled in online at the end of the event, through a link that will be sent to the participants.

The certification of CME credits' acquisition of will be sent by email after the completion of the required procedures.

The CME Provider is Kassiopea Group, recognized by AGENAS with the number 305.

ATTENDANCE CERTIFICATES

At the end of the Conference all duly registered attendants will receive an attendance certificate. Certificates will only be given at the end of the sessions, also in case of late closing.

BADGES

Admission to the conference venue, the exhibition area and the scientific sessions will only be possible if in possession of the bar-code badge given by the Organizing Secretariat at the time of registration.

The badge is a personal document and shall be shown to the controlling staff. It is the only valid document to collect the attendance certificate and the only way to receive credits.

AMENDMENTS

The Scientific Secretariat and the Organizing Secretariat reserve the right to make all the necessary amendments to the programme which are deemed necessary for technical and/or scientific reasons.
